

# Community Governor Vacancy

We are looking to recruit governors to our newly formed joint Local Governing Body for Telford Langley School and Telford Park School. We are looking for individuals who can support and challenge our schools, provide strategic management, make executive decisions and make a difference to our schools.

If you are aged 18 or over and are able to commit around 10 to 15 hours per term to us, we would love to hear from you. You do not need to be a parent of a student at the school, we are looking for members of the Telford community to join together to make us stronger. No prior knowledge is needed - training and support is offered and available to all new and existing governors.

The role: We need people who are able to ask the difficult questions needing to be answered within a school, ensuring that the school is responsible for its actions. We want you to use your skills and experience to support the school, enabling it to achieve its aims. You will be involved in creating a strategic framework for the school which will set aims and objectives. This framework will then be used to evaluate progress and outcomes throughout the year. Your role will include collectively allocating and controlling the school budget as well as appointing senior staff.

This is an extremely rewarding role, one which holds great importance within our school and trust. If you feel that you have skills which could be transferred to help make a real difference to children's lives, please contact us for further information.
